GROUNDINGS FOR DEFERMENT, SUSPENSION OR CANCELLATION OF ENROLMENT

- 1) The National Code 2007 outlines a limited number of situations in which you may request a suspension or deferral of your studies.
- 2) You may request a deferral or suspension of your studies when:
 - you can document a death in your immediate family
 - you can document a medical or psychological condition which prevents you from studying
 - you can document the experience of a traumatic event which has made studying difficult.
- 3) Your course can be suspended or cancelled by ECA if attendance or behavior requirements are not met. Australian immigration rules require good attendance as a requirement of a student visa. If through absence or lateness your attendance drops to 85%, you will receive an attendance warning letter. This letter will require you to meet with the ECA director to explain your poor attendance. At this point, the ECA director will work with you to find a way to improve your attendance. If it drops below 80%, ECA will send you a final warning letter. You will then have 20 working days to appeal through the internal appeals process. If the internal appeals process indicates that the attendance was reported correctly and that you do not have any evidence of medical reasons for your poor attendance, you will be reported to DIBP and your student visa will be cancelled. You will have 28 days to report to DIBP. You may decide to use the external appeals process. However, you will not be able to attend classes at this point.
- 4) Enrolment at ECA may also be suspended or cancelled for failure to pay course fees. You will have 20 working days to appeal this decision.
- 5) Deferral or suspension of your course may affect your visa. Please consult DIBP for further information.

EDUCATION SERVICES FOR OVERSEAS STUDENTS (ESOS)
